

SOMETHING WENT WRONG

The fenced off estate:
deer and land as property
wealth as a tourist destination
and a view from the train

Who owns the mudflats
and abandoned boats?
The seaside and
the harbour walls?

Stop the sky going dark

Stop the world exploding

Make the summer come

Who would holiday
in a caravan park
or collect animal carcasses
from the side of the road?

Stop the world starving

Stop the world going dark

Let tomorrow come
